

This delivery package contains a test plan, updated product backlog, and velocity chart for the iteration 2 Recreation Club Membership Application.

1. **Test Plan:** A detailed document outlining the testing approach for the application which will be used near the end of iteration 3
2. **Product Backlog:** an updated list of stories and tasks for the application with implementation notes and completion status
3. **Velocity Chart:** a graph of the team's productivity over time, showing estimated work hours vs actual work hours over this iteration
